

What is DigiEYE ?

DigiEYE is a data management and technological driven initiative taken by ShatkonUp in accordance with Digital India. *It helps to make your society more safe & secure and to safeguard the children and elder people through an app.* DigiEYE collaborate to make **SMART SOCIETIES SMART CITY SMART YOU.**

- ▶ Police & reference verification
- ▶ Worker authenticity & tracking
- ▶ Make life secure
- ▶ Manage data fast & easily

Powered by: Shatkon Labs Private Limited

Why it is important-

- ▶ **To decrease the tension of the residents for worker verification**
- ▶ **To make your society smart and fast**
- ▶ **To get trusted and verified domestic helper**
- ▶ **To Increase safety in your society**
- ▶ **Save Paper Save Earth **Green****
India

Powered by: Shatkon Labs Private Limited

How it works-

Upload the documents for police verification and reference check, can save it on cloud for future reference

Domestic Helper provided with a QR Code

Track Your domestic helper through BlueTeam App only
Scan the bar code on her ID card through digiEYE and check the authenticity

Powered by: Shatkon Labs Private Limited

Benefits of digiEYE-

- ▶ **Trusted and background verified worker only**
- ▶ **Increase older people security**
- ▶ **Increase safety in your society**
- ▶ **High background check**
- ▶ **No pain of maintaining data- Everything would be saved on cloud**
- ▶ **Upload the documents for police verification & reference check, can save it on cloud for future reference**
